

## Skype and vMix Internet Bible Classes

Hello,

The Internet Bible Classes that I teach enables us to see and hear one another. This allows us to exchange questions and thoughts. I teach by Microsoft PowerPoint, and I animate the Bible on PowerPoint. My class room is in the First Baptist Church, Ada, Oklahoma.

Internet Bible Class

I can have people from up to eight different places in the world by the Internet at the same time in one class.

There are two ways you can be in the Internet Bible Class.

1. You can attend the class by Skype. You will need to have Skype on your computer, iPhone or iPad with a webcam.
2. You can attend the class by vMix. You will need to have a PC computer, Laptop or android iPhone or iPad, with a webcam, no Apple device will work with vMix. You will not need to have vMix on your computer or devices. I will email the link and password for you to use to be able to attend the class.

You may attend a class with others on the Internet or I will have a class just for you on the Internet.

## 1. Choose which Bible Course you want to take.
