

Climb That Mountain

**Do you have a river you can't seem to cross?
The river looks too deep as you count the cost.
Maybe there's a mountain you just can't seem to climb,
You must take the first step, just one at a time.**

**Jesus is able and He will go with you,
Just begin today and let Him your strength renew.
Sin can be forgiven and forever put behind,
Then with Jesus that mountain you can climb.**

**There's no river too deep for you to cross,
You have everything to gain and nothing to be lost.**

**Call upon Him in your trouble today,
And let His hand lead you along the way.
There's danger lurking ahead so don't delay,
Come while He calls, make Him your Lord today.**
